25X1 5. [] Called Mrs. Cass, Personal Secretary to Senator Abraham Ribicoff (D., Conn.), to remind that we have information on a certain individual about whom the Senator had inquired of the Director a couple weeks ago. Mrs. Cass apologized and explained that the Senator had been out of town almost continually since then, and had been preoccupied with hearings since returning yesterday but she would call me in the next 25X1 day or two.

[]

25X1 7. [] Everett Harper, on the staff of the Senate Preparedness Subcommittee, called and asked if appropriate members of the Preparedness staff could be briefed this week on the SAM programs of foreign countries. He said they were particularly interested in ranges, altitudes, and response times. I told him I would check on this and be 25X1 back in touch.

[]

25X1 9. [] Called Robert Hull, Department of State to advise that our Retirement Act amendments had been reported out of the full House Armed Services Committee and to learn of the status of the Foreign Service Act amendments.
